Baillie Gifford Worldwide UK Equity Alpha Fund

31 August 2021

Investment Proposition

The Fund adopts a long-term, low turnover investment approach and aims to hold higher quality, growth companies which are principally listed in the UK and are capable of growing their profits and cashflows faster than the market average. We are able to invest in large, medium and small capitalisation companies, constructing a concentrated portfolio of our best ideas, typically in the range of 30-40 holdings, which is highly differentiated from the benchmark, the FTSE All-Share Index.

Performance

Please note, as the share class was launched on 29 October 2020, and a full 12 month period of quarterly performance is unavailable, no performance is shown.
