Baillie Gifford Worldwide China Fund

31 May 2022

Investment Proposition

The Fund aims to invest in an actively managed portfolio of Chinese market stocks. We invest on a long-term (5 year) perspective, and have a strong preference for growth. We are looking for significant upside in each stock that we invest in. The process is driven by rigorous, fundamental, bottom-up analysis undertaken by our dedicated Emerging Markets Team. The fund managers draw on this analysis, as well as insights gleaned from discussion with all of Baillie Gifford's global investors, to produce a portfolio that typically holds 40-80 stocks.

Performance

Please note, as the share class was launched on 28 June 2021, and a full 12 month period of quarterly performance is unavailable, no performance is shown.
