

Baillie Gifford Worldwide Global Income Growth Fund

30 April 2021

Investment Proposition

The Fund seeks to invest in companies which can deliver both a dependable income stream and real growth in income and capital. Such companies are rare and so our approach benefits greatly from having a global universe. The global nature of the portfolio also helps diversify the Fund's income stream. We focus on long-term growth and income, rather than short-term yield, because we believe this will deliver better outcomes for our clients over time.
