This material is only intended for those categories of Israeli residents who are qualified clients listed on the First Addendum to the Advice Law.

Important information and risk factors

Corporate bonds are generally perceived to carry a greater possibility of capital loss than investment in, for example, higher rated UK government bonds. Bonds issued by companies and governments may be adversely affected by changes in interest rates and expectations of inflation.

This is a marketing communication and should not be considered as advice or a recommendation to buy, sell or hold a particular investment. This presentation contains information on investments which does not constitute independent investment research.

Accordingly, it is not subject to the protections afforded to independent research and Baillie Gifford and its staff may have dealt in the investments concerned. Investment markets and conditions can change rapidly and as such the views expressed should not be taken as statements of fact nor should reliance be placed on these views when making investment decisions.

Past performance is not a guide to future returns.

Further details of the risks associated with investing in the trusts, including a Key Investor Information Document, can be found in the trust specific pages at the website below.

All data is source Baillie Gifford & Co unless otherwise stated.

Your call may be recorded for training or monitoring purposes.

Baillie Gifford & Co Limited is authorised and regulated by the Financial Conduct Authority of 25 The North Colonnade, Canary Wharf, London, E14 5HS.

A trust's risk is increased if it holds fewer investments than a typical investment trust and the effect of this, together with a long term approach to investment, could result in large movements in the share price.

The trusts can make use of derivatives which may impact on performance.
