

This document is issued by Baillie Gifford & Co Limited (the 'Manager') in order to make certain particular information available to investors in the alternative investment fund ('AIF') noted below before they invest, in accordance with the requirements of the Financial Conduct Authority's rules implementing the Alternative Investment Fund Managers Directive in the United Kingdom. It is made available to investors by being available at www.bgukgrowthfund.com. The Manager is authorised and regulated by the Financial Conduct Authority.

Baillie Gifford UK Growth Fund plc

INVESTOR DISCLOSURE DOCUMENT

IMPORTANT INFORMATION

Regulatory status of the Company

Baillie Gifford UK Growth Fund plc (the 'Company') is an AIF for the purposes of the EU Alternative Investment Fund Managers Directive (Directive 2011/61/EU) (the 'AIFM Directive').

The Company's shares are listed on the premium segment of the Official List of the UK Listing Authority and are admitted to trading on the main market of the London Stock Exchange. The Company is subject to its articles of association, the Listing Rules, the Disclosure Guidance and Transparency Rules, the UK Corporate Governance Code and the Companies Act 2006. The Company is listed on the London Stock Exchange and is not authorised or regulated by the Financial Conduct Authority.

The provisions of the Company's articles of association are binding on the Company and its shareholders ('Shareholders'). The articles of association set out the respective rights and restrictions attaching to the Company's shares. These rights and restrictions apply equally to all Shareholders. All Shareholders are entitled to the benefit of, and are bound by and are deemed to have notice of, the Company's articles of association. The Company's articles of association are governed by English law.

Limited purpose of this document

This document is not being issued for any purpose other than to make certain, required regulatory disclosures to investors and, to the fullest extent permitted under applicable law and regulations, the Company and its Directors will not be responsible to persons other than the Company's Shareholders for their use of this document, nor will they be responsible to any person (including the Company's Shareholders) for any use which they may make of this document other than to inform a decision to invest in shares in the Company.

This document does not constitute, and may not be used for the purposes of, an offer or solicitation to buy or sell, or otherwise undertake investment activity in relation to, the Company's shares.

This document is not a prospectus and it is not intended to be an invitation or inducement to any person to engage in any investment activity. This document may not include (and it is not intended to include) all the information which investors and their professional advisers may require for the purpose of making an informed decision in relation to an investment in the Company and its shares.

No advice

The Company and its Directors are not advising any person in relation to any investment or other transaction involving shares in the Company. Recipients must not treat the contents of this document or any subsequent communications from the Company, or any of its affiliates, officers, directors, employees or agents, as advice relating to financial, investment, taxation, accounting, legal, regulatory or any other matters. Prospective investors must rely on their own professional advisers, including their own legal advisers and accountants, as to legal, tax, accounting, regulatory, investment or any other related matters concerning the Company and an investment in shares.

Potential investors in the Company's shares should consult their stockbroker, bank manager, solicitor, accountant or other financial adviser before investing in the Company.

Investors' rights

The Company is reliant on the performance of third party service providers, including the AIFM, the Depositary and the Registrar. Without prejudice to any potential right of action in tort that a Shareholder may have to bring a claim against a service provider, each Shareholder's contractual relationship in respect of its investment in the Company's shares is with the Company only. Accordingly, no Shareholder will have any contractual claim against any service provider with respect to such service provider's default.

In the event that a Shareholder considers that it may have a claim against a third party service provider in connection with such Shareholder's investment in the Company, such Shareholder should consult its own legal advisers.

The above is without prejudice to any right a Shareholder may have to bring a claim against an FCA authorised service provider under section 138D of FSMA (which provides that breach of an FCA rule by such service provider is actionable by a private person who suffers loss as a result), or any tortious cause of action. Shareholders who believe they may have a claim under section 138D of FSMA, or in tort, against any service provider in connection with their investment in the Company, should consult their legal adviser.

Overseas investors

The distribution of this document in certain jurisdictions may be restricted and accordingly persons into whose possession this document comes are required to inform themselves about and to observe such restrictions. The shares have not been, and will not be, registered under the United States Securities Act of 1933 (as amended) or under any of the relevant securities laws of any overseas territory. Accordingly, the shares may not (unless an exemption from such Act or such laws is available) be offered, sold or delivered, directly or indirectly, in or into the USA or any overseas territory unless an exemption from registration is available. The Company is not registered under the United States Investment Company Act of 1940 (as amended) and investors are not entitled to the benefits of such Act.

Prospective investors must inform themselves as to (a) the legal requirements within their own countries for the purchase, holding, transfer or other disposal of shares; (b) any foreign exchange restrictions applicable to the purchase, holding, transfer or other disposal of shares which they might encounter; and (c) the income and other tax consequences which may apply in their own countries as a result of the purchase, holding, transfer or other disposal of shares.

THE COMPANY

Investment Objective and Policy

The Company's principal investment objective is to achieve capital growth predominantly from investment in UK equities, with the aim of providing a total return in excess of the FTSE All-Share Index.

The Company invests in a relatively concentrated portfolio of between 35 and 65 stocks principally selected for their potential to provide shareholders with attractive returns relative to the FTSE All-Share Index.

The portfolio is invested primarily in listed UK equities. It may, if appropriate, include convertible securities, and equity-related derivatives may be used for efficient portfolio management purposes. The yield on the Company's investment portfolio is of secondary importance.

The stocks are predominantly constituents of the FTSE 350 Index.

The size of individual stock holdings depends on the Manager's degree of conviction, not the stock's weight in any index.

No material change will be made to the Company's investment policy without the prior approval by ordinary resolution of the Shareholders.

Leverage

As noted above, the Directors expect that, with the objective of maximising returns to Shareholders, some form of gearing may be employed by the Company from time to time, but they do not anticipate gearing levels in excess of 20 per cent. of Shareholders' funds.

Derivative instruments in which the Company may invest may include exchange-listed and over-the-counter options, futures, options on futures, swaps and similar instruments.

The Company may employ leverage by the use of derivatives and other non-fully funded instruments which may be used only in accordance with the investment policy. In each case, leverage may be obtained on an unsecured or collateralised basis. Borrowings are obtained from the relevant lender which may be a bank or other financial institution. Leverage obtained through the use of derivatives and other non-fully funded instruments is obtained from the relevant counterparty.

The maximum level of leverage which the Manager is entitled to employ on behalf of the Company is 200 per cent. of NAV (which is the equivalent of a ratio of 2:1) under the gross method and 200 per cent. of NAV (which is the equivalent of a ratio of 2:1) under the commitment method.

The amount of leverage employed by the Company will be disclosed in the Company's Annual Report and Financial Statements.

The Company does not use collateral and asset reuse arrangements.

Investment Strategy and Techniques

Please see the sections entitled "Investment Objective and Policy" and "Leverage" above.

Material changes to the information disclosed in this document will be disclosed to existing Shareholders in the following Annual Report and Financial Statements.

Any changes in information shall be deemed material if there is a substantial likelihood that a reasonable investor, becoming aware of such information, would reconsider its investment in the Company, including because such information could impact an investor's ability to exercise its rights in relation to its investment, or otherwise prejudice the interests of one or more investors in the Company.

ADMINISTRATION AND MANAGEMENT OF THE COMPANY

The AIFM, Company Secretary and Administrator

Baillie Gifford & Co Limited is the authorised Alternative Investment Fund Manager ('AIFM') and Company Secretary of the Company. The annual management fee payable to the AIFM is 0.50% on the Company's net assets. Management fees are calculated and payable on a quarterly basis.

There is no additional secretarial fee. The provision of secretarial and administrative services is included in the management fee.

Baillie Gifford & Co Limited has delegated certain portfolio and risk management services to Baillie Gifford & Co. Baillie Gifford & Co Limited is a wholly-owned subsidiary of Baillie Gifford & Co. Baillie Gifford & Co Limited has also consented to sub-delegation by Baillie Gifford & Co of dealing activities and transaction reporting to Baillie Gifford Overseas Limited and Baillie Gifford Asia (Hong Kong) Limited. The AIFM believes that any such delegation would not give rise to any conflicts of interest between the AIFM and Baillie Gifford & Co.

Baillie Gifford & Co and Baillie Gifford Overseas Limited have the necessary regulatory permissions in place to perform the activities delegated to them.

The Depositary

The Bank of New York Mellon (International) Limited has been appointed as the Company's Depositary. The Depositary is responsible for the safe-keeping of the Company's assets, cash monitoring and oversight. The Depositary has delegated certain of its safe-keeping functions to The Bank of New York Mellon and The Bank of New York Mellon SA/NV (the 'Sub-Custodians'). Conflicts of interest may arise as a result of such delegation to the Sub-Custodians by virtue of them being part of the same corporate group. The Depositary will have policies and procedures in place to identify all conflicts of interest arising from such delegation and will take all reasonable steps to avoid such conflicts of interest. Where such conflicts of interest cannot be avoided, the Depositary will seek to ensure that such conflicts of interest are managed, monitored and disclosed in order to prevent adverse effects on the interests of the Company and its Shareholders.

The Depositary has not entered into any arrangement contractually to discharge itself of liability in accordance with Article 21(13) of the AIFM Directive. We will notify Shareholders of any changes with respect to the discharge by the Depositary of its liability in accordance with Article 21(13) through a Regulatory Information Service.

The annual fee payable to the Depositary in respect of UK depositary services is 0.015 per cent. of the Company's total assets.

The Auditor

Ernst & Young LLP provides audit services to the Company. The fixed fees charged by the auditor are based on anticipated time required and are agreed in advance with the Audit Committee.

The Registrar

Computershare Investor Services PLC has been appointed as the Company's Registrar. The Registrar's duties include the maintenance of the Company's registers of shareholders and the processing of any transfer of shares.

Fees are based on the number of holders on the registers and number of transactions each year.

SHAREHOLDER INFORMATION

Annual Report and Financial Statements

Copies of the Company's annual and interim reports, once available, may be accessed at www.bgukgrowthfund.com

Publication of net asset values

The latest net asset value of the Company may be accessed at www.bgukgrowthfund.com

Valuation Policy

The Director's will value the Company's investments in listed securities at 'fair value'. The 'fair value' of such investments is bid value or, in the case of holdings on certain recognised overseas exchanges, at last traded prices.

Historical performance of the Company

Details of the Company's historical financial performance, once available, will be provided in the Company's Annual Report and Financial Statements and monthly factsheets, which are available at www.bgukgrowthfund.com

Investors should note that past performance of the Company is not indicative of future performance. Investors may not get back the amount invested.

Purchases and sales of shares by investors

The Company's shares are admitted to the Official List of the UKLA and to trading on the main market of the London Stock Exchange. Accordingly, the Company's shares may be purchased and sold on the main market of the London Stock Exchange.

The Company has authority to issue new shares or sell shares from treasury at a premium to net asset value.

The Company's shares are not redeemable. While the Company has Shareholder authority to buy back shares, Shareholders do not have the right to have their shares purchased by the Company.

Fair treatment of investors

The legal and regulatory regime to which the Company and the Directors are subject ensures the fair treatment of investors. The Listing Rules require that the Company treats all Shareholders of the same class of shares equally.

In particular, as directors of a company incorporated in the United Kingdom, the Directors have certain statutory duties under the Companies Act 2006 with which they must comply.

These include a duty upon each Director to act in the way she or he considers, in good faith, would be most likely to promote the success of the Company for the benefit of its members as a whole.

No investor has a right to obtain preferential treatment in relation to their investment in the Company and the Company does not give preferential treatment to any investors.

The shares rank Pari Passu.

RISK FACTORS

The Company is a listed UK company. The value of its shares and any income from those shares can fall as well as rise and investors may not get back the amount invested.

The Company is exposed to market risks, principally in the form of equity securities price risk.

The Company invests predominantly in UK listed equities. Investing in a single country is generally considered a higher risk investment strategy than investing more widely, as it exposes the investor to the fluctuations of a single geographical market and currency, in this case the UK market and Sterling.

The Company may utilise borrowings in order to increase its investment exposure. While such leverage presents opportunities for increasing total returns, it can also have the opposite effect of increasing losses. If income and capital appreciation on investments acquired with borrowed funds are less than the costs of the leverage, the Company's net asset value will decrease. The use of leverage also increases the investment exposure, which means that if the market moves adversely, the resulting loss to capital would be greater than if leverage were not used.

The Company can make use of derivatives which may impact on its performance. Currently the Company does not make use of derivatives.

RISK MANAGEMENT

Risk profile

The Company will periodically disclose the current risk profile of the Company to investors. The Company will make this disclosure at www.bgukgrowthfund.com at the same time as it makes its Annual Report and Financial Statements available to investors, or more frequently at its discretion.

The Company's assets consist predominantly of UK listed securities. The Company's risk profile therefore incorporates market risk (comprising interest rate risk and other price risk), liquidity risk, credit risk and operational risk factors.

The ability of the Company to borrow money to make further investments (leverage) may also contribute to the risk profile of the Company.

Limits are set for market risk and are monitored daily. Market risk stress testing comprises a number of market related scenarios and events relevant to the Company's objectives and time horizon to analyse the impact on market risk limits. Limits are also in place for liquidity risk, credit risk and operational risk, with periodic stress testing performed as appropriate.

Further detail in relation to the nature and extent of the principal risks of the Company are described in the Company's Annual Report and Financial Statements.

No risk limits set by the AIFM have been exceeded in the period since 29 June 2018 or are likely to be exceeded.

Risk management systems

The Company will periodically disclose to investors the risk management systems which it employs to manage the risks which are most relevant to it. The Company will make this disclosure at www.bgukgrowthfund.com at the same time as it makes its Annual Report and Financial Statements available to investors or more frequently at its discretion.

The AIFM has established a permanent risk management function to ensure that effective risk management policies and procedures are in place and to monitor compliance with risk limits. The AIFM has a risk policy which covers the risks associated with the Company, and the adequacy and effectiveness of this policy is reviewed and approved at least annually. This review includes the risk management processes and systems and limits for each risk area.

For the principal relevant risk areas, risk limits are set by the AIFM which take into account the objectives, strategy and risk profile of the Company. These limits are monitored daily, and the sensitivity of the Company's portfolio to key risks is undertaken periodically as appropriate to ascertain the impact of changes in key variables to the Company. Exceptions from limits monitoring and stress testing are escalated to the AIFM along with remedial measures being taken.

Liquidity risk management

The AIFM has a liquidity management policy in relation to the Company which is intended to ensure that the Company's portfolio maintains a level of liquidity which is appropriate to the Company's obligations. This policy involves an assessment by the AIFM of the prices or values at which it expects to be able to liquidate the Company's assets over varying hypothetical periods in varying market conditions, taking into account the sensitivity of particular assets to particular market risks and other relevant factors.

Shares in the Company are not redeemable and Shareholders do not have the right to require their shares to be purchased by the Company. Accordingly, the liquidity management policy ensures that the Company's portfolio is sufficiently liquid to meet the following principal obligations:

- the Company's operating and financing expenses; in practice, these expenses are typically covered by dividends received from the Company's investments; and
- the possible need to repay borrowings at short notice, which would be required to be met by the sale of assets.

The liquidity management policy requires the AIFM to identify and monitor its investment in asset classes which are considered to be relatively illiquid. The majority of the Company's portfolio is invested in liquid equities and the portfolio is monitored on an ongoing basis to ensure that it is adequately diversified.

The liquidity management policy is reviewed and updated, as required, on at least an annual basis.

Investors will be notified, by way of a disclosure at www.bgukgrowthfund.com in the event of any material changes being made to the liquidity management systems and procedures or where any new arrangements for managing the Company's liquidity are introduced.

The Company will periodically disclose to investors the percentage of the Company's assets which are subject to special arrangements arising from their illiquid nature. The Company will make this disclosure at www.bgukgrowthfund.com at the same time as it makes its Annual Report and Financial Statements and accounts available to investors or more frequently at its discretion.

Professional negligence liability risks

The requirement to cover potential liability risks arising from professional negligence is covered by the AIFM's own funds. Sufficient capital above the regulatory limit is held which is monitored by the board of Baillie Gifford & Co Limited.

Brokerage Practices and Use of Dealing Commission

Baillie Gifford & Co Limited appoints its affiliate Baillie Gifford & Co to conduct portfolio management services on behalf of the Company. Baillie Gifford & Co in turn delegates the investment dealing aspects of those services and transmits orders to its affiliate Baillie Gifford Overseas Limited for execution. An important element of Baillie Gifford Overseas Limited's investment dealing services includes the selection of brokers with whom orders can be placed to execute investment decisions on behalf of the Company.

Baillie Gifford Overseas Limited trades with brokers using execution-only commission rates. The execution-only commission includes the costs of access to each global market, the broker's ability to source liquidity, the use of alternative trading venues, the provision of risk capital, the capabilities of individual sales traders and the provision of proprietary technology for trading programmes and algorithms.

Where Baillie Gifford & Co supports its portfolio management activities by procuring external research services, it pays directly for such services under separate agreements.

Sustainability Risks

The AIFM has adopted Baillie Gifford & Co's Governance and Sustainable Principles and Guidelines as its policy on integration of sustainability risks in investment decisions.

Baillie Gifford & Co believes that a company cannot be financially sustainable in the long run if its approach to business is fundamentally out of line with changing societal expectations. It defines 'sustainability' as a deliberately broad concept which encapsulates a company's purpose, values, business model, culture, and operating practices.

Baillie Gifford & Co's approach to investment is based on identifying and holding high quality growth businesses that enjoy sustainable competitive advantages in their marketplace. To do this it looks beyond current financial performance, undertaking proprietary research to build up an in-depth knowledge of an individual company and a view on its long-term prospects. This includes the consideration of sustainability factors (environmental, social and/or governance matters) which it believes will positively or negatively influence the financial returns of an investment. The likely impact on the return of the portfolio from a potential or actual material decline in the value of investment due to the occurrence of an environmental, social or governance event or condition will vary and will depend on several factors including but not limited to the type, extent, complexity and duration of an event or condition, prevailing market conditions and existence of any mitigating factors.

Whilst consideration is given to sustainability matters, there are no restrictions on the investment universe of the Company, unless otherwise stated within its Objective & Policy. Baillie Gifford & Co can invest in any companies it believes could create beneficial long-term returns for investors. However, this might result in investments being made in companies that ultimately cause a negative outcome for the environment or society.

More detail on Baillie Gifford's approach to sustainability can be found in its Governance and Sustainability Principles and Guidelines document, available publicly at <https://www.bailliegifford.com/en/uk/about-us/governance-sustainability/>
