

This document is issued by Baillie Gifford & Co Limited (the 'Manager') in order to make certain particular information available to investors in the alternative investment fund ('AIF') noted below before they invest, in accordance with the requirements of the Financial Conduct Authority's rules implementing the Alternative Investment Fund Managers Directive in the United Kingdom. It is made available to investors by being available at bgeuropeangrowth.com. The Manager is authorised and regulated by the Financial Conduct Authority.

Potential investors in the Company's shares may wish to consult their stockbroker, bank manager, solicitor, accountant or other financial adviser before investing in the Company.

Baillie Gifford European Growth Trust plc

INVESTOR DISCLOSURE DOCUMENT

IMPORTANT INFORMATION

Regulatory status of the Company

Baillie Gifford European Growth Trust plc (the "Company") is an AIF for the purposes of the EU Alternative Investment Fund Managers Directive (Directive 2011/61/EU) (as it forms part of UK domestic law pursuant to the European Union (Withdrawal) Act 2018, the Alternative Investment Fund Managers (Amendment) (EU Exit) Regulations 2019 or as otherwise adopted under, or given effect to in, UK legislation or the UK regulatory regime) (the 'AIFM Directive').

The Company's shares are listed on the premium segment of the Official List of the UK Listing Authority and are admitted to trading on the main market of the London Stock Exchange. The Company is subject to its articles of association, the Listing Rules, the Disclosure Guidance and Transparency Rules, the UK Corporate Governance Code and the Companies Act 2006. The Company is listed on the London Stock Exchange and is not authorised or regulated by the Financial Conduct Authority.

The provisions of the Company's articles of association are binding on the Company and its shareholders ('Shareholders'). The articles of association set out the respective rights and restrictions attaching to the Company's shares. These rights and restrictions apply equally to all Shareholders. All Shareholders are entitled to the benefit of, and are bound by and are deemed to have notice of, the Company's articles of association. The Company's articles of association are governed by English law.

Limited purpose of this document

This document is not being issued for any purpose other than to make certain, required regulatory disclosures to investors and, to the fullest extent permitted under applicable law and regulations, the Company, the AIFM and their Directors will not be responsible to persons other than the Company's Shareholders for their use of this document, nor will they be responsible to any person (including the Company's Shareholders) for any use which they may make of this document other than to inform a decision to invest in shares in the Company.

This document does not constitute, and may not be used for the purposes of, an offer or solicitation to buy or sell, or otherwise undertake investment activity in relation to, the Company's shares.

This document is not a prospectus and it is not intended to be an invitation or inducement to any person to engage in any investment activity. This document may not include (and it is not intended to include) all the information which investors and their professional advisers may require for the purpose of making an informed decision in relation to an investment in the Company and its shares.

No advice

The Company, the AIFM and their Directors are not advising any person in relation to any investment or other transaction involving shares in the Company. Recipients must not treat the contents of this document or any subsequent communications from the Company, the AIFM or any of their affiliates, officers, directors, employees or agents, as advice relating to financial, investment, taxation, accounting, legal, regulatory or any other matters. Prospective investors must rely on their own professional advisers, including their own legal advisers and accountants, as to legal, tax, accounting, regulatory, investment or any other related matters concerning the Company and an investment in the Company's shares.

Potential investors in the Company's shares should consult their stockbroker, bank manager, solicitor, accountant or other financial adviser before investing in the Company.

Investors' rights

The Company is reliant on the performance of third party service providers, including the AIFM, the Depositary and the Registrar. Without prejudice to any potential right of action in tort that a Shareholder may have to bring a claim against a service provider, each Shareholder's contractual relationship in respect of its investment in the Company's shares is with the Company only. Accordingly, no Shareholder will have any contractual claim against any service provider with respect to such service provider's default.

In the event that a Shareholder considers that it may have a claim against a third party service provider in connection with such Shareholder's investment in the Company, such Shareholder should consult its own legal advisers.

The above is without prejudice to any right a Shareholder may have to bring a claim against an FCA authorised service provider under section 138D of FSMA (which provides that breach of an FCA rule by such service provider is actionable by a private person who suffers loss as a result), or any tortious cause of action. Shareholders who believe they may have a claim under section 138D of FSMA, or in tort, against any service provider in connection with their investment in the Company, should consult their legal adviser.

Recognition and enforcement of foreign judgments

Regulation (EC) 593/2008 ("Rome I") must be applied in all member states of the European Union (other than Denmark). Rome I remains applicable in England following the UK leaving the European Union and will continue to apply after the end of the transitional period, its provisions having been incorporated into English law under the Law Applicable to Contractual Obligations and Non-Contractual Obligations (Amendment etc.) (EU Exit) Regulations 2019. Where a matter comes before the courts of a relevant member state, the choice of a governing law in any given agreement is subject to the provisions of Rome I. Under Rome I, the member state's courts may apply any rule of that member state's own law which is mandatory irrespective of the governing law and may refuse to apply a rule of governing law if it is manifestly incompatible with the public policy of that member state. Further, where all other elements relevant to the situation at the time of the choice are located in a country other than the country whose law has been chosen, the choice of the parties shall not prejudice the application of provisions of the law of that other country which cannot be derogated from by agreement. Shareholders should note that there are a number of legal instruments providing for the recognition and enforcement of foreign judgments in England. Depending on the nature and jurisdiction of the original judgment, Council Regulation (EU) 1215/2012 or Council Regulation (EC) No 44/2001 on jurisdiction and the recognition and enforcement of judgments in civil and commercial matters, Regulation (EC) No 805/2004 of the European Parliament and of the Council of 21 April 2004 creating a European Enforcement Order for uncontested claims, the Convention on jurisdiction and the recognition and enforcement of judgments in civil and commercial matters done at Lugano on 30 October 2007, the Civil Jurisdiction and Judgments (Hague Convention on Choice of Court Agreements 2005) Regulations 2015, the Civil Jurisdiction and Judgments Act 1982, the Administration of Justice Act 1920 and the Foreign Judgments (Reciprocal Enforcement) Act 1933 may apply. There are no legal instruments providing for the recognition and enforcement of judgments obtained in jurisdictions outside those covered by the instruments listed above, although such judgments might be enforceable at common law.

Overseas investors

The distribution of this document in certain jurisdictions may be restricted and accordingly persons into whose possession this document comes are required to inform themselves about and to observe such restrictions. The shares have not been, and will not be, registered under the United States Securities Act of 1933 (as amended) or under any of the relevant securities laws of any overseas territory. Accordingly, the shares may not (unless an exemption from such Act or such laws is available) be offered, sold or delivered, directly or indirectly, in or into the USA or any overseas territory unless an exemption from registration is available. The Company is not registered under the United States Investment Company Act of 1940 (as amended) and investors are not entitled to the benefits of such Act.

Prospective investors must inform themselves as to (a) the legal requirements within their own countries for the purchase, holding, transfer or other disposal of shares; (b) any foreign exchange restrictions applicable to the purchase, holding, transfer or other disposal of shares which they might encounter; and (c) the income and other tax consequences which may apply in their own countries as a result of the purchase, holding, transfer or other disposal of shares.

THE COMPANY

Investment Objective and Policy

Objective

The objective of the Company is to achieve capital growth over the long term from a diversified portfolio of European securities.

Investment Policy

The Company is invested in a diversified portfolio of between 30 to 60 European securities.

The Company may not invest more than 10% of total assets in any one individual stock at the time of investment.

The Board recognises that investment in some European countries can be riskier than in others. Investment risks are diversified through holding a wide range of securities in different countries and industrial sectors. The Company has the ability to invest in securities that are listed in countries which are not included in the FTSE All-World European ex UK indices, where these securities have a meaningful connection with continental Europe.

The Board has the authority to hedge the Company's exposure to movements in the rate of exchange of currencies, principally the euro, in which the Company's investments are denominated, against sterling, its reporting currency.

Up to 20% of total assets, as measured at the time of initial investment, can be invested in unlisted investments.

The level of gearing within the portfolio is agreed by the Board and the absolute amount of any gearing should not exceed 20% of net assets at time of drawdown, excluding any unlisted investments in the calculation of net assets.

No more than 10% of the total assets of the Company may be invested in other listed investment companies (including investment trusts) except in those that have stated that they will invest no more than 15% of their total assets in other listed investment companies. In this case, the limit is 15%.

Investment Strategy and Techniques

Please see the sections entitled 'Investment Objective and Policy' above.

Leverage

As stated in the Investment Policy above, the Company may borrow for investment purposes an amount not normally exceeding the equivalent of 20 per cent of its net assets.

The maximum level of leverage which the Manager is entitled to employ on behalf of the Company is 250 per cent. of NAV (which is the equivalent of a ratio of 2.5:1) under the gross method and 200 per cent of NAV (which is the equivalent of a ratio of 2:1) under the commitment method of calculating leverage in accordance with the AIFM Directive.

The level of any leverage actually employed is disclosed through the Company's factsheet available monthly on the website bgeuropeangrowth.com.

Changes to Objective, Investment Policy, Investment Strategy or Maximum Leverage

As a closed-ended investment fund whose shares are admitted to the Official List under Chapter 15 of the Listing Rules, the Company is required to obtain the prior approval of its shareholders to any material change to its published objective and investment policy (as set out above). Accordingly, the Company will not make any material change to its published objective and investment policy without the approval of its Shareholders by ordinary resolution. The Company will announce any such change via the London Stock Exchange.

Any change in investment strategy or investment policy which does not amount to a material change to its published investment policy may be made by the Company without shareholder approval.

Any changes to the maximum level of leverage which may be employed by the Company will be communicated to shareholders.

ADMINISTRATION AND MANAGEMENT OF THE COMPANY

The AIFM, Company Secretary and Administrator

Baillie Gifford & Co Limited is the authorised Alternative Investment Fund Manager ('AIFM') and Company Secretary of the Company. The annual management fee payable to the AIFM is 0.55% of the lower of (i) the Company's market capitalisation and (ii) the Company's net asset value (which shall include income), in either case up to £500 million, and 0.50% of the amount of the lower of the Company's market capitalisation or net asset value above £500 million.

There is no additional secretarial fee. The provision of secretarial and administrative services is included in the management fee.

Baillie Gifford & Co Limited has delegated certain portfolio and risk management services to Baillie Gifford & Co and Baillie Gifford Overseas Limited. Baillie Gifford & Co Limited is a wholly-owned subsidiary of Baillie Gifford & Co. Baillie Gifford & Co Limited has consented to the sub-delegation by Baillie Gifford & Co of some of its duties in relation to investment management to Baillie Gifford Overseas Limited in Norway. It is intended that Baillie Gifford Overseas Limited will produce investment research and will take part in the investment decision-making together with Baillie Gifford & Co. Baillie Gifford & Co Limited has also consented to sub-delegation by Baillie Gifford & Co of dealing activities and transaction reporting to Baillie Gifford Overseas Limited, and to the further delegation of the same to Baillie Gifford Asia (Hong Kong) Limited. The principal activities of Baillie Gifford Asia (Hong Kong) Limited, which are relevant to the Company, are trading on behalf of Baillie Gifford Overseas Limited in cash equities, bonds and FX across Asia Pacific Markets. The AIFM believes that any such delegation would not give rise to any conflicts of interest.

Baillie Gifford & Co and Baillie Gifford Overseas Limited have the necessary regulatory permissions in place to perform the activities delegated to them.

The Depositary

The Company has appointed Investor Services Limited to act as its depositary (the "Depositary").

The Depositary is responsible for the safe-keeping of the Company's assets, cash monitoring and oversight.

The Depositary has not entered into any arrangement contractually to discharge itself of liability in accordance with Article 21(13) of the AIFM Directive. We will notify Shareholders of any changes with respect to the discharge by the Depositary of its liability in accordance with Article 21(13) through a Regulatory Information Service. The Depositary must not re-use any: (i) financial instruments of the Company; or (ii) assets, other than financial instruments or cash, which are held in custody by the Depositary (or a delegate thereof) for the Company, in either case except with the prior consent of the Company or the AIFM on its behalf and provided all applicable English laws, rules and regulations (other than the AIFM Directive and the UK Alternative Investment Fund Managers Regulations 2013) are complied with.

Custody services are provided by The Northern Trust Company (as a delegate of the Depositary).

The Auditor

BDO LLP has been appointed to provide audit services to the Company. The Auditor's responsibility is to audit and report on the Company's financial statements in accordance with applicable law and auditing standards for all accounting periods during its appointment.

The Registrar

Computershare Investor Services PLC has been appointed as the Company's Registrar. The Registrar's duties include the maintenance of the Company's registers of shareholders and the processing of any transfer of shares.

Ongoing Expenses

Ongoing expenses can be found in the Key Information Document on the Company's website. Investors should note that some expenses are inherently unpredictable and, depending on circumstances, ongoing expenses will fluctuate.

Conflicts of interest may arise as a result of the delegation of functions by the AIFM and/or the Depositary

The AIFM, the Depositary and their respective delegates have undertaken to take all reasonable steps to avoid conflicts of interest in relation to the Company and its investors. If such conflicts of interest cannot be avoided, the AIFM, the Depositary and their respective delegates shall take all reasonable steps to identify, manage, monitor and (where applicable) disclose those conflicts of interest in order to prevent them from adversely affecting the interests of the Company and its investors, and to ensure that the Company is fairly treated.

FEES, CHARGES AND EXPENSES

The rate of ongoing charges representing the annualised level of expenses paid by the Company is disclosed through the Company factsheet available monthly at: bgeuropeangrowth.com.

The principal fees, charges and expenses borne by the Company are set out below. Further details are included in the Company's Annual Report and Financial Statements which may be accessed at: bgeuropeangrowth.com.

Payable to the Directors

The total aggregate fees that can be paid to the Directors under the Directors' Remuneration Policy are £200,000. Directors are also entitled to be reimbursed their expenses of travel and accommodation reasonably incurred in performance of their duties.

Payable to the AIFM

The annual management fee payable to the AIFM is 0.55% of the lower of (i) the Company's market capitalisation and (ii) the Company's net asset value (which shall include income), in either case up to £500 million, and 0.50% of the amount of the lower of the Company's market capitalisation or net asset value above £500 million. The fees of the Investment Manager are met by the AIFM out of the fees paid to the AIFM.

Payable to the Depositary

A fee of 0.01 per cent. per annum of the net assets of the Company, plus fees in relation to safekeeping and other activities undertaken to facilitate the investment activity of the Company are payable to the Depositary.

Payable to the Auditors

Fees in relation to the audit of the Company's Annual Report and Financial Statements are payable to the Auditors. All fees payable to the Auditors are set out in the Company's Annual Report and Financial Statements.

Payable to the Registrar

Fees payable to the Registrar are based on the number of shareholders on the register and on other activities undertaken to facilitate the maintenance of the share register.

Payable in respect of Loan Facilities

Finance costs including interest on amounts drawn down under loan agreements and commitment fees are payable to the facility provider. These fees are disclosed separately within the Company's Annual Report and Financial Statements as 'finance costs' and are excluded from the ongoing charges figure.

SHAREHOLDER INFORMATION

Annual Reports and Financial Statements

Copies of the Company's latest Annual Report and Financial Statements and Half-Yearly Reports are available at: bgeuropeangrowth.com.

Publication of Net Asset Values

A daily net asset value per share ("NAV") is calculated and released to the London Stock Exchange on behalf of the Company. The NAV, together with details of the closing share price of the Company, are available at: bgeuropeangrowth.com.

Valuation policy

Valuation policy with respect to listed securities

The Director's will value the Company's investments in listed securities at 'fair value'. The 'fair value' of such investments is bid value or, in the case of holdings on certain recognised overseas exchanges, at last traded prices.

Valuation policy with respect to unlisted securities

The Directors will value the Company's investments in unlisted securities at 'fair value'. In order to determine the 'fair value' of investments in unlisted securities, the AIFM will prepare valuations of each investment on a quarterly basis in accordance with the agreed valuation techniques set out below. The Directors will be provided with details of the valuations on a bi-annual basis and will conduct a detailed review of and, where appropriate, challenge the AIFM's valuations.

When preparing valuations of investments in unlisted securities, the AIFM will apply valuation techniques which are consistent with the International Private Equity and Venture Capital Valuation ("IPEV") Guidelines. The valuation techniques set out in the IPEV Guidelines may be categorised as follows:

- market approach, which may involve applying the following valuation techniques: (i) an assessment of the price of recent investment; (ii) applying multiples of earnings or of revenue; (iii) using industry valuation benchmarks, including as a sense check of values produced using other techniques; and (iv) reviewing any available market prices;
- income approach, which may involve applying the following valuation techniques: (i) discounted cash flows or earnings of underlying business; and (ii) discounted cash flows from an investment; and
- replacement cost approach, which may involve applying the net assets valuation technique.

If the Directors consider that it would be inappropriate to use a particular valuation technique, either generally or for a particular investment, the Directors may adopt such other valuation techniques as they consider to be reasonable in the circumstances.

Historical Performance of the Company

Details of the Company's historical financial performance are provided in the Company's Annual Reports and Financial Statements, and monthly factsheets, which are available at: bgeuropeangrowth.com.

Investors should note that past performance of the Company is not necessarily indicative of future performance. Investors may not get back the amount invested.

Purchases and Sales of Shares by Investors

The Company's shares are listed on the premium segment of the Official List of the UK Listing Authority and are admitted to trading on the main market of the London Stock Exchange. Accordingly, the Company's shares may be purchased and sold on the main market of the London Stock Exchange through a stockbroker, financial adviser or investment platform.

The Company has authority to allot and issue shares on a non-pre-emptive basis.

The Company has authority to issue new shares or sell shares from treasury at a premium to net asset value. The Company's shares are not redeemable. While the Company will typically have shareholder authority to buy back shares, Shareholders do not have the right to have their shares purchased by the Company.

Fair Treatment of Investors

The legal and regulatory regime to which the Company and the Directors are subject ensures the fair treatment of investors. The Listing Rules require that the Company treats all shareholders of the same class of shares equally.

In particular, as directors of a company incorporated in the United Kingdom, the Directors have certain statutory duties under the Companies Act 2006 with which they must comply. These include a duty upon each Director to act in the way she or he considers, in good faith, would be most likely to promote the success of the Company for the benefit of its members as a whole.

No investor has a right to obtain preferential treatment in relation to their investment in the Company and the Company does not give preferential treatment to any investors.

The Company's shares all rank *pari passu* with each other.

Key Information Document

The key information document may be accessed at: bgeuropeangrowth.com.

Share Capital

The Company has only one class of shares in issue, which are ordinary shares. The ISIN number for the Company's shares is GB00BMC7T380 and the SEDOL is BMC7T38.

Legal ownership of the Company's shares is evidenced by entry on the register of shareholders, and each registered shareholder is entitled to the rights set out in the Company's articles of association. These include the right to attend meetings and to vote on resolutions, to receive any dividends and to receive a *pro rata* share of the net assets of the Company in the event of winding up.

RISK FACTORS

Past performance is not a guide to future performance.

Baillie Gifford European Growth Trust is a listed UK Company. As a result, the value of the shares and any income from those shares can fall as well as rise and investors may not get back the amount invested.

Baillie Gifford European Growth Trust invests in overseas securities. Changes in the rate of exchange may also cause the value of your investment (and any income it may pay) to go down or up.

Baillie Gifford European Growth Trust can borrow money to make further investments (sometimes known as 'gearing' or 'leverage'). The risk is that when this money is repaid by the Company, the value of the investments may not be enough to cover the borrowing and interest costs and the Company will make a loss. If the Company's investments fall in value, any invested borrowings will increase the amount of this loss.

Baillie Gifford European Growth Trust can buy back its own shares. The risks from borrowing, referred to above, are increased when the Company buys back its own shares.

Share prices may either be below (at a discount) or above (at a premium) the net asset value per share (NAV). The Company may issue new shares when the price is at a premium which may reduce the share price. Shares bought at a premium may have a greater risk of loss than those bought at a discount.

Market values for securities which have become difficult to trade may not be readily available, and there can be no assurance that any value assigned to such securities will accurately reflect the price the Company might receive upon their sale.

Baillie Gifford European Growth Trust can make use of derivatives which may impact upon its performance. Currently the Company does not make use of derivatives.

Baillie Gifford European Growth Trust charges 80% of its investment management fee and borrowing costs to capital, which reduces the capital value. Also, where income is low, the remaining expenses may be greater than the total income received, meaning the Company may not pay a dividend and the capital value would be further reduced.

Baillie Gifford European Growth Trust's risk could be increased by its investment in private companies. These assets may be more difficult to sell, so changes in their prices may be greater.

Baillie Gifford European Growth Trust's risk is increased as it holds fewer investments than a typical investment trust and the effect of this, together with its long-term approach to investment, could result in large movements in the share price.

The aim of Baillie Gifford European Growth Trust is to achieve capital growth. You should not expect a significant, or steady, annual income from the Company.

You should note that tax rates and reliefs may change at any time and their value depends on your circumstances.

The Company is listed on the London Stock Exchange and is not authorised or regulated by the Financial Conduct Authority.

The staff of Baillie Gifford & Co and Baillie Gifford European Growth Trust Directors may hold shares in Baillie Gifford European Growth Trust and may buy or sell such shares from time to time.

Further details of the risks associated with investing in the Company, including a Key Information Document and how charges are applied, can be found at bgeuropeangrowth.com or by calling Baillie Gifford on 0800 917 2112.

RISK MANAGEMENT

Risk Profile

The Company will periodically disclose the current risk profile of the Company to investors. The Company will make this disclosure at bgeuropeangrowth.com.

The Company's assets consist mainly of listed securities. The Company's risk profile therefore incorporates market risk (comprising currency risk, interest rate risk and other price risk), liquidity risk, credit risk and operational risk factors. Other factors which contribute to the Company's risk profile include those arising from the Company's investments in unlisted securities. The Company may not be able to exit from its investments in unlisted securities and the valuation of investments in unlisted securities is inherently subjective and uncertain. The ability of the Company to borrow money to make further investments (leverage) may also contribute to the risk profile of the Company.

Limits are set for market risk and are monitored daily. Market risk stress testing comprises a number of market related scenarios and events relevant to the Company's objectives and time horizon to analyse the impact on market risk limits. Limits are also in place for liquidity risk, credit risk and operational risk, with periodic stress testing performed as appropriate.

Further detail in relation to the nature and extent of the principal and emerging risks of the Company will be described in the Company's Annual Report and Financial Statements.

Risk Management

The Company will periodically disclose to investors the risk management systems which it employs to manage the risks which are most relevant to it. The Company will make this disclosure at www.bgeuropeangrowth.com at the same time as it makes its Annual Report and Financial Statements available to investors or more frequently at its discretion.

The AIFM has established a permanent risk management function to ensure that effective risk management policies and procedures are in place and to monitor compliance with risk limits. The AIFM has a risk policy which covers the risks associated with the Company, and the adequacy and effectiveness of this policy is reviewed and approved at least annually. This review includes the risk management processes and systems and limits for each risk area.

For the principal relevant risk areas, risk limits are set by the AIFM which take into account the objectives, strategy and risk profile of the Company. These limits are monitored daily, and the sensitivity of the Company's portfolio to key risks is undertaken periodically as appropriate to ascertain the impact of changes in key variables to the Company. Exceptions from limits monitoring and stress testing are escalated to the AIFM along with remedial measures being taken.

Liquidity Risk Management

The AIFM has a liquidity management policy in relation to the Company which is intended to ensure that the Company's portfolio maintains a level of liquidity which is appropriate to the Company's obligations. This policy involves an assessment by the AIFM of the prices or values at which it expects to be able to liquidate the Company's assets over varying hypothetical periods in varying market conditions, taking into account the sensitivity of particular assets to particular market risks and other relevant factors.

Shares in the Company are not redeemable, and Shareholders do not have the right to require their shares to be purchased by the Company. Accordingly, the liquidity management policy ensures that the Company's portfolio is sufficiently liquid to meet the following principal obligations:

- the Company's operating and financing expenses; and
- the possible need to repay borrowings at short notice, which would be required to be met by the sale of assets.

The liquidity management policy requires the AIFM to identify and monitor its investment in asset classes which are considered to be relatively illiquid. There may be a lack of liquidity in the Company's investments in unlisted securities, and the Company's portfolio is monitored on an ongoing basis to assess liquidity.

The liquidity management policy is reviewed and updated, as required, on at least an annual basis.

Investors will be notified, by way of a disclosure at bgeuropeangrowth.com. in the event of any material changes being made to the liquidity management systems and procedures or where any new arrangements for managing the Company's liquidity are introduced.

The Company will periodically disclose to investors the percentage of the Company's assets which are subject to special arrangements arising from their illiquid nature. The Company will make this disclosure bgeuropeangrowth.com at the same time as it makes its Annual Report and Financial Statements and accounts available to investors or more frequently at its discretion.

Professional negligence liability risks

The requirement to cover potential liability risks arising from professional negligence is covered by the AIFM's own funds. Sufficient capital above the regulatory limit is held which is monitored by the board of Baillie Gifford & Co Limited.

Brokerage Practices and Use of Dealing Commission

Baillie Gifford & Co Limited appoints its affiliate Baillie Gifford & Co to conduct portfolio management services on behalf of the Company. Baillie Gifford & Co in turn delegates the investment dealing aspects of those services and transmits orders to its affiliate Baillie Gifford Overseas Limited for execution. An important element of Baillie Gifford Overseas Limited's investment dealing services includes the selection of brokers with whom orders can be placed to execute investment decisions on behalf of the Company.

Baillie Gifford Overseas Limited trades with brokers using execution-only commission rates. The execution-only commission includes the costs of access to each global market, the broker's ability to source liquidity, the use of alternative trading venues, the provision of risk capital, the capabilities of individual sales traders and the provision of proprietary technology for trading programmes and algorithms.

Where Baillie Gifford & Co supports its portfolio management activities by procuring external research services, it pays directly for such services under separate agreements.

Sustainability Risks

The AIFM has adopted Baillie Gifford & Co's Stewardship Approach – ESG Principles and Guidelines as its policy on integration of sustainability risks in investment decisions.

Baillie Gifford & Co believes that a company cannot be financially sustainable in the long run if its approach to business is fundamentally out of line with changing societal expectations. It defines 'sustainability' as a deliberately broad concept which encapsulates a company's purpose, values, business model, culture, and operating practices.

Baillie Gifford & Co's approach to investment is based on identifying and holding high quality growth businesses that enjoy sustainable competitive advantages in their marketplace. To do this it looks beyond current financial performance, undertaking proprietary research to build up an in-depth knowledge of an individual company and a view on its long-term prospects. This includes the consideration of sustainability factors (environmental, social and/or governance matters) which it believes will positively or negatively influence the financial returns of an investment. The likely impact on the return of the portfolio from a potential or actual material decline in the value of investment due to the occurrence of an environmental, social or governance event or condition will vary and will depend on several factors including but not limited to the type, extent, complexity and duration of an event or condition, prevailing market conditions and existence of any mitigating factors.

Whilst consideration is given to sustainability matters, there are no restrictions on the investment universe of the Company, unless otherwise stated within in its Objective & Policy. Baillie Gifford & Co can invest in any companies it believes could create beneficial long-term returns for investors. However, this might result in investments being made in companies that ultimately cause a negative outcome for the environment or society.

More detail on Baillie Gifford's approach to sustainability can be found in its Stewardship Approach – ESG Principles and Guidelines document, available publicly at bailliegifford.com/en/uk/about-us/esg/.

Taxonomy Regulation

The Taxonomy Regulation establishes an EU-wide framework or criteria for environmentally sustainable economic activities in respect of six environmental objectives. It builds on the disclosure requirements under the EU Sustainable Finance Disclosure Regulation ('SFDR') by introducing additional disclosure obligations in respect of AIFs that invest in an economic activity that contributes to an environmental objective. These AIFs are required to disclose (a) information on the environmental objective to which the investments underlying the AIF contribute (b) a description of how and to what extent the underlying investments of the AIF are in economic activities that qualify as environmentally sustainable and are aligned with the Taxonomy Regulation (c) the proportion, as a percentage of the AIF's portfolio, of investments in environmentally sustainable economic activities which are aligned with the Taxonomy Regulation (including the proportion, as a percentage of the AIF's portfolio, of enabling and transitional activities, as described in the Taxonomy Regulation). These disclosure obligations are being phased-in – from 1 January 2022 in respect to the first two environmental objectives (climate change mitigation and climate change adaptation) and from 1 January 2023 in respect of the remaining four environmental objectives.

The Company does not commit to make sustainable investments as defined under SFDR. As such, the underlying investments do not take into account the EU criteria for environmentally sustainable economic activities.
